

Notice of decision

Section 2.22 and clause 20 of Schedule 1 of the *Environmental Planning and Assessment Act 1979*

Application type	State significant development
Application number and project name	SSD-73761707 Glendenning Road Data Centre
Applicant	LEHR CONSULTANTS INTERNATIONAL (AUSTRALIA) PTY LTD
Consent Authority	Minister for Planning and Public Spaces

Decision

The A/Director under delegation from the Minister for Planning and Public Spaces has, under section 4.38 of the *Environmental Planning and Assessment Act 1979* (**the Act**) granted consent to the development application subject to conditions.

A copy of the development consent and conditions is available [here](#).

A copy of the Department of Planning, Housing and Infrastructure's assessment report is available [here](#).

Date of decision

14 September 2026

Reasons for decision

The following matters were taken into consideration in making this decision:

- the relevant matters listed in section 4.15 of the Act and the additional matters listed in the statutory context section of the Department's assessment report;
- the prescribed matters under the Environmental Planning and Assessment Regulation 2021;
- the objects of the Act;
- the considerations under s 7.14(2) and 7.16(3) of the *Biodiversity Conservation Act 2016* (NSW);
- all information submitted to the Department during the assessment of the development application and any additional information considered in the Department's assessment report;
- the findings and recommendations in the Department's assessment report; and
- the views of the community about the project (see Attachment 1).

The findings and recommendations set out in the Department's assessment report were accepted and adopted as the reasons for making this decision. Additional reasons for making the decision are also recorded in the Department's assessment report.

The key reasons for granting consent to the development application are as follows:

- the project would provide a range of benefits for the region and the State as a whole, including capital investment of \$2,168,267,746 and the creation of up to 1,076 full-time equivalent construction jobs and 106 operational jobs;
- the project is permissible with development consent, and is consistent with NSW Government policies including The Sydney Plan and the previous Greater Sydney Region Plan;
- the impacts on the community and the environment can be appropriately minimised, managed or offset to an acceptable level, in accordance with applicable NSW Government policies and standards; and
- the issues raised by the community during consultation and in submissions have been considered and adequately addressed through changes to the project and the conditions of consent. Engagement on the project is considered to be in line with *Undertaking Engagement Guidelines for State Significant Projects*, including the community participation objectives outlined in these guidelines.
- weighing all relevant considerations, the project is in the public interest.

Attachment 1 – Consideration of Community Views

The Applicant engaged with the community during the preparation of the environmental impact statement (EIS) as a requirement of the Secretary's environmental assessment requirements. The EIS detailed the findings of the engagement and how it influenced the scope and design of the project.

The Department publicly exhibition the development application and accompanying EIS from 16 May 2025 until 12 June 2025.

During the exhibition period for the EIS, the Department received advice from one utility provider, advice from eight government authorities, a submission from Council and no public submissions. Council objected to the development during the exhibition period however, Council provided written advice to the Department informing that Council withdrew its objection.
